OUR BIKES DESCRIPTION

Our bicycles are not more than 3 years old, they are permanently serviced and every used or faulty piece is systematically replaced.

Bicycles for adults:

Our made in France touring bikes are never older than 3 years. Assembled to measure, there are at the same time light as well as robust and comfortable. The frame of brushed aluminium absorbs impacts; and the suspension of the front wheel fork and the saddle support offer a very pleasant use. Tires with a reflecting stripe and strengthened with an anti-flat-layer give you more security; and the double sided rims avoid buckled wheels. The high quality gear shifts of the derailleur are very precise and don't gradually upset: 21 gears with easy finger shifts, derailleur Shimano. Our bicycles for ladies and men exist in different sizes (for persons between 1m50 / 4.9 foot and 2m05 / 6.7 foot).

Included equipment:

- Comfortable foam saddle. Front and back mudguards.
- Carrier (up to 25 kg).
- Lock with a key.
- Bell.
- Can of bicycle puncture spray.
- Fluorescent jacket (in France obligatory by night and bad visibility)
- Front and back lights (for all rentals longer than 1 day).
- Reparation kit: inner tube, multi tool, pump, tyre levers (for all rentals longer than 1 day).
- Stretcher (on demand).
- Helmet (for groups).

Accessories available on extra charge:

- Bike computer Sigma.
- Helmet (free for groups).
- Bottle holder and water bottle.
- Map holder.
- Panniers.

- Front basket.

Mountain bikes for adults, bicycles for children and equipment:

We propose a wide range of mountain bikes (26 inches) for use on every ground (please contact us for further information).

For kids we have bikes in different sizes, between 16 inches and 24 inches.

For the littlest ones you can choose between a trailer (charge 50kgs maximum, 1 to 2 seats, and rigid body with a large rear storage space) and a child seat (charge 22kgs maximum, rigid body with harness and footrests).

Third wheels or followers are available for children who just have learned bicycling.
