Program of activities in Brehemont:

Activity Day 1

Hiking with a donkey

For this first day, you will leave with a donkey to carry your picnic or your snack, depending on your arrival time. And, on the towpaths of Bréhémont, it may occasionally relieve tired legs of small walkers. You will discover the 12km trail of this small village lying on the banks of the Loire, in the heart of the Regional Nature Park of Loire-Anjou-Touraine. Hiking with a donkey is a unique and memorable experience! Discover the ease of an outdoor activity and the discovery of a territory in the company of two long ears, four hooves, a solid back, and enjoy the complicity of an animal, what will be your guide, used to walks and ready to receive all your hugs ...

What a refreshing day! Park your car your car on our huge parking area and start with our air-conditioned mini-bus to Savonnières for a canoe descent of 17 km/10.5 miles. At first you will discover the Cher River up to Villandry, then the famous last wild river in Europe: The Loire, to the port of Bréhémont, passing by Langeais. Stroll at your own pace and in complete autonomy on this day, which takes you away from everything, in the heart of a natural site listed in the world heritage by UNESCO. Along the way, you will perhaps bump into a beaver, still present in the Loire area, and you will surely recognize a few birds (terns, cormorants, kingfisher, osprey ...).

Activity Day 2

Canoe journey between Cher and Loire

Activity Day 3

Geocaching (by bike)

You will ride your bike independently for a day of discovery, and a GPS will be your guide. From Brehemont, you leave at the time of your choice to perform 20 km / 12.5 miles looking for cultural and natural treasures of this region. Riddles and GPS coordinates of your road book will tell you the way, which you will discover little by little.
